who we are

The ONYX Bar – a place where you can reside in casual glamour and have yourself a drink or two. See and observe the attention to detail and enjoy our diversified menu created just for you, our guest. Bring your business and celebrate the deals you just sealed.

Dare to dress in sneakers and jeans combined with your favorite pearl necklace and get that cosmopolitan feeling that a bar in the heart of a city should provide. Over 15 years in the making, we have served sustainable innovation, we have learned to go with time, but have kept some parts as they were so our guests would always feel immediately at home.

Keep in mind, no matter the word that tells our story, everything that goes into a glass is with deliciousness in mind. Welcome back in the heart of Zurich, right at the edge of the lake. Be amazed how creativity, caring for people, and the will to always surpass our own standards all fit into one bar.
